

LAB 601 Post Rentals is an Atlanta based post-production equipment rental company specializing in Avid and Final Cut Pro edit system rentals for Feature Film and Television production. Not only do we provide the equipment, but we also provide on-site support, workflow consultation and integration services.

Over the last 12 years we have built and operated a state-of-the-art post-production facility specializing in using emerging technologies and workflows for film and television projects. Having worked on over 50 features, pilots and series providing dailies, editorial, visual FX and digital intermediates, we understand the need for expert knowledge, flawless execution and delivery.

**The Beast:** This system provides real-time 4K playback of RAW footage from all digital cameras and is perfect for on-site digital footage processing, 3-D prep and dailies, editorial, color and finishing.
